

SIPP Funds Transfer Request

If you have multiple trading accounts with Tradefair Financials, you can transfer funds between them. It is important to understand that the names on the accounts must be same.

Transfers of Funds are not guaranteed to be acted on immediately by Tradefair Financials. If the funds are available, your request will be processed within 48 hours of receipt of your transfer request, and therefore if you are holding open positions or open new positions before Tradefair Financials are able to complete the transfer of funds from the accounts in question, then any positions or cash balances are still exposed to losses and or automatic close out. Therefore you must take the necessary steps to monitor and manage your exposure to risk on the account in question until such time as Tradefair Financials are able to complete the transfer of funds from your account. You will receive email confirmation from Tradefair Financials when the request has been processed.

If you must transfer funds in a currency other than the base currency of your Tradefair Financials account, Tradefair Financials will convert the funds to your base currency. The conversion rate will be the current Tradefair Financials Ask (Buy) rate plus a conversion premium of up to 3%. This premium covers the cost of purchasing small and uneven amounts of physical currency from other parties. Incurring this premium will reduce the net amount of funds transferred.

Please be aware that your account will be deactivated if your request results in a zero balance.

To transfer funds from one Tradefair Financials account to another account, please complete the section below.

Transfer from Tradefair Financials Account: Base Currency: AUD CAD CHF EUR GBP HUF
 JPY PLN USD
